SCIENCE IN THE PARK COMES TO ANDREWS PARK IN MAY

The City of Vacaville Community Services Department's Science in the Park (SIP) program will come to Andrews Park from 9:30 a.m. to noon on Saturday, May 10, 2008.

The Community Services Department, in partnership with health educators from Community Medical Centers, Inc. will provide a variety of interactive and fun "stations" where participants can learn about a variety of health-related issues in a fun and family-oriented environment.

This is an ideal opportunity for families to learn how to stay fit, healthy and strong. This full morning of activities will include games, prizes and a one-stop resource fair of Vacaville and Solano County's health service agencies. This event is offered free to the public.

For more information, contact the City of Vacaville at 469-6674 or Community Medical Center at 359-1800.
