CITY OF VACAVILLE TO HOST SPRING BREAK SCIENCE CAMP

The City of Vacaville's Community Services Department is offering a Spring Break Science Camp that kids in the first through sixth grades are really going to "dig."

"Dirt Ecology" is part of the Science Sleuths series of camps and will be held during the week of Spring Break in Vacaville, April 6-10. Participants will study the formation of soil and conduct experiments to test the permeability, composition and pH of local soil. Children will also investigate plant types by measurement of root and leaf growth and will study the soil requirements for optimal plant growth.

The camp will be held in the Vaca Pena Recreation Center from 8 a.m. to 3 p.m. Extended hours of child care are also available from 6:30 a.m. to 6 p.m. The cost for the camp is \$122 and includes instruction and all supplies. The cost for extended care is \$140. Register for this specialty camp at any City of Vacaville Community Center or on-line at cityofvacaville.com. Look for the bar code # 63448 or #63449.

Call Beverly at 449-5633 for more information about the camp.
