GENERAL PLAN UPDATE STEERING COMMITTEE TO HOLD FIRST MEETING

The first Steering Committee meeting for the City of Vacaville's General Plan Update will be held Monday, August 9, 2010 at 6 pm in the City Council Chambers located at 650 Merchant Street.

California State law requires every county and city to adopt a General Plan. The General Plan outlines the City's goals for physical growth, conservation, and community life, and contains the policies and actions necessary to achieve those goals. The General Plan is the foundation of all local land use decisions about zoning, permitted development, and allowable activities. Furthermore, the General Plan is used to project future growth demand services for sewer, water, roadways, parks and emergency services.

The General Plan Update will address topics vital to community and individual quality of life: Vacaville's character, traffic congestion, economic development, natural resources, recreational facilities, police and fire protection, and walkability. Only by participating in the Update process can you ensure that the City grows in a way that meets your vision.

For more information on the meeting, log onto the General Plan Update website: www.vacavillegeneralplan.org or call the Community Development Department at (707) 449-5140.
