What is a Community Law Enforcement Academy?

The Academy provides an opportunity for the community to meet the officers and employees that protect and serve our community. The intent of the Community Law Enforcement Academy is to educate the community on the duties, training,

The academy affords "Knowledge through Exposure & Experience"

investigation techniques and situations police officers and other members of the Police Department may encounter.

Those who attend the academy will be given the opportunity to participate in some of the activities Law Enforcement Officer and department personnel perform as part of their duties. Hands-on experiences include fingerprinting, using a traffic radar gun, and problem solving. Interact with our K-9 and handler, sit alongside a Dispatcher in the Communication Center and ride-along with an officer. Join us for a unique learning experience.

The Community Law Enforcement Academy affords; "Knowledge through Exposure and Experience."
